

Meal Period and Rest Break Policy Acknowledgement

We are implementing a more organized and efficient process for meal periods and 10-minute rest breaks at our shows.

Previously, meal period and rest break timing was communicated and managed within individual stands. Going forward, meal periods will be documented on time sheets, and we will be rolling out a time clock app soon where all meal periods will be recorded. A rest break schedule will be provided and posted for each show.

Please note the following California requirements:

- Employees must take their first unpaid 30-minute meal period before the end of their 5th hour of work.
- Employees must take their second unpaid 30-minute meal period before the end of their 10th hour of work, unless the employee signed a meal period waiver waiving the second meal period and so long as the first meal period was taken and the shift is less than 12 hours total.
- Additional meal periods on longer shifts will be handled according to Company policy and in accordance with California law.
- Employees must take a net 10-minute rest break every four (4) hours, or major fraction thereof, and the rest breaks should be taken as close to the middle of each four (4) hour work period as practicable.
- Rest breaks and meal periods must be taken as scheduled and meal periods must be documented accurately.
- Rest breaks and meal periods may not be combined.

To ensure our records are complete, by signing below, I acknowledge that:

1. To date, I have been provided the opportunity to take my rest breaks and meal periods in accordance with the above-referenced meal period and rest break requirements.

2. I confirm that I have received and read this Meal Period and Rest Break Acknowledgement, I understand the above-referenced meal period and rest break requirements, and agree to take my rest breaks and meal periods as scheduled and accurately record all my meal periods.
